

Updating Survey Answers for Existing Meet

The purpose of this guide is to demonstrate how to update answers to survey questions such as session requests for an existing meet you are already registered for.

Step One: Navigate to the link below: <https://scoreflippers.com/MeetGenie/> and login using your credentials. You should see a list of meets. Click the “My Details” button at the top of the page and select the “My Registrations” button

Step Two: Click the drop down at the top of the sheet and select the meet you would like to update your registration for

Step Three: You will see two tabs, one for “My Registrations” and one for “Club Registrations”. My Registrations includes any registrations completed on your account. Club registrations includes any registrations of athletes in clubs where you are the club manager. After you have selected the appropriate tab, scroll down to see the list of survey questions previously answered during registration. Click these dropdowns to make any desired updated changes and then click the green “SAVE CHANGES” button at the bottom to save these.

I would prefer session 4

By default, we try to place different levels from the same club in separate sessions if they are competing in a different gym (most WAG levels). If we cannot logistically accomplish this, would you prefer we prioritize your preferred day or keeping your teams in separate sessions?
